**MARY CATHERINE BAILEY  
WILDLIFE SANCTUARY  
5:00 P.M. TO SUNSET**

Experience an evening of wildlife, woodlands and wetlands! This woodland features an abundance of wildlife, basic trail maintenance, & the effect of “hands-off” management on your woodland. Natural and constructed wetlands are present, along with learning about Decorah Shale geology.

Please wear appropriate closed-toe waterproof shoes for hiking. Due to the nature of the wetlands, rubber boots are recommended. Seating is limited so bring a lawn chair if needed. Prepare for ticks and bugs.
