

# Field Day: Woodland Stewardship for Recreation, Wildlife, Forest Health and Future Generations. Plan, Implement and Enjoy!

Saturday, March 21<sup>st</sup>, 2026

9AM-12PM \*Bow Hunting Enthusiasts are welcome to hang out afterwards to nerd out on deer hunting.

27580 151<sup>st</sup> Avenue Spring Valley, MN \*watch for parking

Join us! Alex, Bridget and Kevin Kvanli are hosting a landowner workshop at their property. We will begin promptly at 9 am with Woodland Stewardship Plan 101, followed by a presentation from Kvanlis showcasing their property. Then we will head out for a walk-and-talk to show the conservation work Kvanlis have been doing to implement their stewardship plan and how that supports their goals and enjoyment of their land.

Points of interest include: Maple Syrup Production, Management for Wildlife and Recreation, Hinge Cutting - Do or Don't and more along with an overview of programs and other resources that have been helpful. Handouts will be available at the field day.

We will be walking ~2 miles over moderate terrain and be outside for most of the event. Please dress accordingly. Coffee, refreshments and a light lunch will be available. This is a family friendly event. There is no cost to attend! We look forward to seeing you in March!

**Space is limited.** Please reserve your space now! Scan the QR code or contact Fillmore SWCD by phone at 507-887-0240 ext. 1
